NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment book to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the recruiting officer.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment book to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—due to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment binds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, in the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared: the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for *petitum*, special care must be taken to state the degree of disability—*to*, *to*, *to*, &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharge by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1250 Regulations, Edit. 1868.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his Division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having reached the notice of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

MODE OF EXAMINING A RECRUIT.

(From Tripler's Manual.)

"The Room in which this examination is conducted should be well lighted and large enough to admit of the men being walked about freely, that every organ concerned in locomotion may be subjected to inspection. For obvious reasons, none others than they whose presence is absolutely required, should be admitted to the room."

"The person of the Recruit should be washed clean before he is presented to the Surgeon for inspection. It is impossible for the medical officer to ascertain the existence of certain defects that *absolutely disqualify*, when concealed, as they effectually may be, and sometimes are, by incrustations of skin a month old."

"We have remarked that certain defects can be ascertained only by questioning the man himself, and that, in order to avoid all subsequent evasions, the answers to these questions should be recorded on the spot. We shall now suggest a method of effecting this object as well as of making it sure that no important part shall escape inspection through any slip of the memory."

"The Questions should be asked and the man's answers recorded before he is stripped."

"He is then to be divested of all his clothing and the examination proceeded with systematically, in the order of regions as indicated in the 'Form.'"

"The Surgeon is to note every peculiarity or deviation from the normal standard in each particular region. For example: If the man has received at any time a blow upon the head with a resulting cicatrix or slight depression, let it be noted thus: 'Cicatrix and slight depression upon the right parietal protuberance.'"

"Scars upon any part of the person should be noted, and the cause assigned by the man, recorded. It is not uncommon to find marks of free cupping upon the chests of Germans, without there being any indication of disease. These however should be noted."

"If, upon inspection, the man be found to have a Circumcised, though not sufficient to disqualify, let it be noted under the proper head; and so of diamond-shaped or any other affection. The vaccine scar and its position should be noted, and whether vaccination has been practised at the rendezvous or depot."

"Under the head of 'Remarks,' Constitutional Syphilis, or other Cachexia, will find a place. If an interpreter is required during the inspection, that fact should be recorded. Men sometimes speak English very well when first examined, who, from after considerations, are entirely ignorant of the language when re-examined, and sometimes succeed in obtaining a discharge in this way."

"By this means an accurate description of the whole person is obtained, sufficient to settle questions of identity, should such be subsequently raised; and if there be any defects about which a difference of opinion may exist, the fact that such defects were not overlooked by the first inspecting Surgeon, will be apparent."

"It will frequently happen that an 'absolute disqualification' will be discovered before completing the examination. Such a defect may be detected at any stage of the inspection, and such cases it will of course be unnecessary to proceed any further."

"The above Form, when filled up, should be sent with the Recruit to the Depot where he is to be finally inspected, and thence transmitted to the Regiment to which he may be assigned."

"Defects discovered at the Depot upon reinspection should be endorsed upon the Form, and signed by the Surgeon; in case of Rejection, the document thus completed, should be transmitted with the proceedings of the Board of Inspection to the Adjutant General of the Army."

MODE OF EXAMINING A RECRUIT.

(From Tripler's Manual.)

"The Room in which this examination is conducted should be well lighted and large enough to admit of the men being washed about freely, that every organ concerned in locomotion may be subjected to inspection. For obvious reasons, none others than they whose presence is absolutely required, should be admitted to the room."

"The person of the Recruit should be washed clean before he is presented to the Surgeon for inspection. It is impossible for the medical officer to ascertain the existence of certain defects that absolutely disqualify, when concealed, as they effectually may be, and sometimes are, by incrustations of skin a month old."

"We have remarked that certain defects can be ascertained only by questioning the man himself, and that, in order to avoid all subsequent evasions, the answers to these questions should be recorded on the spot. We shall now suggest a method of effecting this object as well as of making it sure that no important part shall escape inspection through any slip of the memory."

"The Questions should be asked and the man's answers recorded before he is stripped."

"He is then to be divested of all his clothing and the examination proceeded with systematically, in the order of regions as indicated in the 'Form.'"

"The Surgeon is to note every peculiarity or deviation from the normal standard in each particular region. For example: If the man has received at any time a blow upon the head with a resulting cicatrix or slight depression, let it be noted thus: 'Cicatrix and slight depression upon the right parietal protuberance.'"

"Nears upon any part of the person should be noted, and the cause assigned by the man, recorded. It is not uncommon to find marks of free cupping upon the chests of Germans, without there being any indication of disease. These however should be noted."

"If, upon inspection, the man be found to have a Circumcised, though not sufficient to disqualify, let it be noted under the proper head; and so of Hemorrhoids or any other affection. The vaccine scar and its position should be noted, and whether vaccination has been practiced at the rendezvous or depot."

"Under the head of 'Remarks,' Constitutional Syphilis, or other Cachexias, will find a place. If an interpreter is required during the inspection, that fact should be recorded. Men sometimes speak English very well when first examined, who, from after considerations, are entirely ignorant of the language when re-examined, and sometimes succeed in obtaining a discharge in this way."

"By this means an accurate description of the whole person is obtained, sufficient to settle questions of identity, should such be subsequently raised; and if there be any defects about which a difference of opinion may exist, the fact that such defects were not overlooked by the first inspecting Surgeon, will be apparent."

"It will frequently happen that an 'absolute disqualification' will be discovered before completing the examination. Such a defect may be detected at any stage of the inspection. In such cases it will of course be unnecessary to proceed any further."

"The above Form, when filled up, should be sent with the Recruit to the Depot where he is to be finally inspected, and thence transmitted to the Regiment to which he may be assigned."

"Defects discovered at the Depot upon re-inspection should be endorsed upon the Form, and signed by the Surgeon; in case of Rejection, the document thus completed should be transmitted with the proceedings of the Board of Inspection to the Adjutant General of the Army."

35th

Private M. J. Sinclair

1st Regt of Mo Infy Vols

VOLUNTEERS.

Died April 11th 1865

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full endorsement of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Laurence must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for detached volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in hospital or detached service, his descriptive list, if he has one, should be sent to his final statements, in duplicate, to the 2d Auditor, Washington, D. C.

NOTES.

- 1..The amount of any extra pay for which the soldier may be mustered, as, for example, Hospital Steward, as Saddler, &c., and which may be still due him, must be carefully noted.
- 2..In the column headed "BOUNTY PAID," must be entered the whole amount Altho paid him: in that of "BOUNTY DUE," the whole amount yet due him. Bounty paid by State authorities, and not by the United States, will not be entered on this statement.
- 3..Stoppages for loss or damage done to arms, or other public property, must be noted, and the articles, and particular damage to each, specified. When stoppages are due, under sentence of a Court Martial, a transcript of the same must be entered here; and the amount already stopped must be carefully stated.
- 4..In every case of discharge, the date, as of date of delivery, or apprehension, must be given, together with a correct transcript of the order of sentence or pardon.
- 5..A careful statement of the man's CLOTHING ACCOUNT must be made, to date, and the amount DUE TO, or FROM him must be precisely stated.
- 6..Should the man have been engaged in any action or skirmish, it must be mentioned, together with date and place. A full and particular mention will be made of any wounds he may have received in action, or other injury, whilst in the line of his duty.

[A. G. O. No. 93.]

- 7..If the soldier is entitled to pay for the use of his horse, the company commander will certify to that fact on this list, and also to the time he has pay due for having been so mounted on his own horse.
- 8..When a soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

- 9..Where a soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.
- 10..Men drafted will be considered as mustered in from the date of their draft, and will be mustered for pay on the usual rolls for Volunteers. On the same line as the soldier's name, under the heading "Joined for Duty and Enrolled.—Commencement of First Payment by Time," will be written the word drafted; and under the heading "When Mustered in," will be given the date when the soldier was drafted; under "Where Mustered in," will be given the place from which drafted; under the heading "By whom Mustered in," will be given the No. of the Enrollment District from which he was drafted, and the State to which it belongs, thus: 4th D. Mass.; (meaning 4th Enrollment District, State of Massachusetts.)
- 11..A separate descriptive list should, as a general rule, be given for each man.
- 12..Descriptive lists must, in all cases, be signed by COMMISSIONED officers; not by enlisted men acting as such.

MODE OF EXAMINING A RECRUIT.

(From Tripler's Manual.)

"The Room in which this examination is conducted should be well lighted and large enough to admit of the men being walked about freely, that every organ concerned in locomotion may be subjected to inspection. For obvious reasons, none others than they whose presence is absolutely required, should be admitted to the room."

"The person of the Recruit should be washed clean before he is presented to the Surgeon for inspection. It is impossible for the medical officer to ascertain the existence of certain defects that *absolutely disqualify*, when concealed, as they effectually may be, and sometimes are, by incrustations of filth a month old."

"We have remarked that certain defects can be ascertained only by questioning the man himself, and that, in order to avoid all subsequent evasions, the answers to these questions should be recorded on the spot. We shall now suggest a method of effecting this object as well as of making it sure that no important part shall escape inspection through any slip of the memory."

"The Questions should be asked and the man's answers recorded before he is stripped."

"He is then to be divested of all his clothing and the examination proceeded with systematically, in the order of regions as indicated in the 'Form.'"

"The Surgeon is to note every peculiarity or deviation from the normal standard in each particular region. For example: If the man has received at any time a blow upon the head with a resulting crater or slight depression, let it be noted thus: 'Crater and slight depression upon the right parietal protuberance.'"

"Scars upon any part of the person should be noted, and the cause assigned by the man, recorded. It is not uncommon to find marks of free cupping upon the chests of Germans, without there being any indication of disease. These however should be noted."

"If, upon inspection, the man be found to have a Chancroid, though not sufficient to disqualify, let it be noted under the proper head; and so of Hemorrhoids or any other affection. The vaccine scar and its position should be noted, and whether vaccination has been practised in a rendezvous or depot."

"Under the head of 'Remarks,' Constitutional Syphilis, or other Cachexia, will find a place. If an interpreter is required during the inspection, that fact should be recorded. Men sometimes speak English very well when first examined, who, from after considerations, are entirely ignorant of the language when re-examined, and sometimes succeed in obtaining a discharge in this way."

"By this means an accurate description of the whole person is obtained, sufficient to settle questions of identity, should such be subsequently raised; and if there be any defects about which a difference of opinion may exist, the fact that such defects were not overlooked by the first inspecting Surgeon, will be apparent."

"It will frequently happen that an 'absolute disqualification' will be discovered before completing the examination. Such a defect may be detected at any stage of the inspection. In such cases it will of course be unnecessary to proceed any further."

"The above Form, when filled up, should be sent with the Recruit to the Depot where he is to be finally inspected, and thence transmitted to the Regiment to which he may be assigned."

"Defects discovered at the Depot upon reinspection should be endorsed upon the Form, and signed by the Surgeon; in case of Rejection, the document thus completed should be transmitted with the proceedings of the Board of Inspection to the Adjutant General of the Army."

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

War Department,
Adjutant General's Office.

Washington, July 7th, 1865

Sir:

In reply to your letter requesting a Descriptive List of John Smith a Private in Company "F" 6th Regiment McC. Volunteers, I have the honor to furnish the following "Descriptive List," obtained from the records of this Office; which, from the want of the necessary data, (which is in the possession of the Company Commander,) is only "partial."

NAME, RANK AND REGIMENT, DESCRIPTION, &c.

John Smith a Private in Company "F" 6th Regiment of McC. Volunteers, is — years of age; but no further "description" can be obtained from the files of this Office. He was enrolled on the 4th day of Jan., 1864, at the town of Bella Monte in the State of Ala. by Lt. Sutch, and mustered into the service of the United States on the 7th day of Feb., 1864, at the town of Larkinsville, in the State of Ala. by Lt. Lickey to serve for the period of three years or "during the war." (Ret. Vol.)

ACCOUNT OF PAY.

It is stated on the Muster Rolls of his Company for the months of March & April 1865 that he was last paid by Paymaster Wm. H. Adair on the 21st day of Aug., 1864.

ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing; it must be obtained, if obtained at all, from his Company Commander.

REMARKS.

On the above Muster Roll (latest on file) reported a Private "Ret. Vol." taken Prisoner in Action Dec. 3rd 1864 is now reported as Detached Duty. Bounty paid \$100. Bounty due \$240.

Very respectfully,

Your obedient servant,

Chas. B. Smith

Assistant Adjutant General.

This "Partial Descriptive List" is given in order that the soldier may be discharged at once, without waiting for a descriptive list from his company commander; and, having been used by the proper officer to make out the soldier's final statements, should be endorsed with a statement to that effect by this office. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. This list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that this list is incomplete or "partial."

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of Veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the Superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds no service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, or the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in will, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. MODE OF EXAMINING A RECRUIT.

(From Tripler's Manual.)

"The Room in which this examination is conducted should be well lighted and large enough to admit of the men being walked about freely, that every organ concerned in respiration may be subjected to inspection. For obvious reasons, none other than they whose presence is absolutely required, should be admitted to the room."

"The person of the recruit should be washed clean before he is presented to the Surgeon for inspection. It is impossible for the medical officer to ascertain the existence of certain defects that absolutely disqualify, when concerned, as they effectually may be, and sometimes are, by incrustations of dirt a month old."

"We have remarked that certain defects can be ascertained only by questioning the man himself, and that, in order to avoid all subsequent evasions, the answers to these questions should be recorded on the spot. We shall now suggest a method of effecting this object as well as of making it sure that no important part shall escape inspection through any slip of the memory."

"The Questions should be asked and the man's answers recorded before he is stripped."

"He is then to be divested of all his clothing and the examination proceeded with systematically, in the order of regions as indicated in the 'Form.'"

"The Surgeon is to note every peculiarity or deviation from the normal standard in each particular region. For example: If the man has received at any time a blow upon the head with a resulting cicatrix or slight depression, let it be noted thus: 'Cicatrix and slight depression upon the right parietal protuberance.'"

"Scars upon any part of the person should be noted, and the cause assigned by the man, recorded. It is not uncommon to find marks of free cupping upon the chests of Germans, without there being any indication of disease. These however should be noted."

"If, upon inspection, the man be found to have a Circumcision, though not sufficient to disqualify, let it be noted under the proper head; and so of Hemorrhoids or any other affection. The vaccine scar and its position should be noted, and whether vaccination has been practised at the rendezvous or depot."

"Under the head of 'Remarks,' Constitutional Syphilis, or other Cachexia, will find a place. If an interpreter is required during the inspection, that fact should be recorded. Men sometimes speak English very well when first examined, who, from after considerations, are entirely ignorant of the language when re-examined, and sometimes succeed in obtaining a discharge in this way."

"By this means an accurate description of the whole person is obtained, sufficient to settle questions of identity, should such be subsequently raised; and if there be any doubts about which a difference of opinion may exist, the fact that such defects were not overlooked by the first inspecting Surgeon, will be apparent."

"It will frequently happen that an 'absolute disqualification' will be discovered before completing the examination. Such a defect may be detected at any stage of the inspection. In such cases it will of course be unnecessary to proceed any further."

"The above Form, when filled up, should be sent with the Recruit to the Depot where he is to be finally inspected, and thence transmitted to the Regiment to which he may be assigned."

"Defects discovered at the Depot upon reinspection should be endorsed upon the Form, and signed by the Surgeon; in case of Rejection, the document thus completed should be transmitted with the proceedings of the Board of Inspection to the Adjutant General of the Army."

 FINAL STATEMENT

OF

William Spencer
 61th Reg't of Maine Infantry

VOLUNTEERS.

Died July 7, 1862

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commanding officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landwarrant are to be entered on the master roll on which the discharge, death, descriptive list, is reported, as well as on the final statement, other where the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for drafted volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier died in hospital or detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

ARTICLES OF WAR.

Art. 93. When any non-commissioned officer or soldier shall die, or be in the service of the United States, the then commanding officer of troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. In case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to the representatives for the same, have occasion to leave the regiment or by preferment or otherwise, they shall, before they be permitted to do so, deposit in the hands of the commanding officer, or of the nearest military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

Art. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 93rd Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the direct inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, giving the date, place, and cause; to what time he was last paid, and money or other effects in his possession at the time of his decease; such report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—." If a legal representative receives the effects, it will be stated in the report. If the deceased have no effects, the fact will be reported. Art. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they are claimed by the legal representatives of the deceased. Art. 154. In all such cases of sales by the Council of Administration, a report in detail, or account of the proceeds, duly certified by the commanding and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, a copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer. NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

NOTE 1.—This blank will be used for both enlistment and re-enlistment—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.
NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, as the case may be, will counter-sign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

which to ground reasons for a final and unconditional
resignation. I do hereby certify, that I have carefully
examined this officer, and find that he is suffering from
general debility consequent upon typhoid fever,
and in consequence of which he suffers much from
fatigue and exhaustion incident to movements and
marches of the army and especially during a winter
campaign. In consequence thereof he is in my opinion unfit for duty

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c. The Regiment and Company in which the soldier last served should be given on the back.

NOTE 2.—An enlistment binds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The mustering officer, commissary, or assistant commissary of musters, or the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of whom is given to the liberating officer.

VOLUNTEERS.

Final Sept 1st 1863

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., requested by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and his family must be entered on the muster roll on which the discharge, &c., is reported, as well as on the final statement, other than the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for detached volunteers and drafted men, as well as for other.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster-roll of the company to which the man belonged. Each inventory will be adorned, "Inventory of the effects of _____, late of company (—) _____, regiment of _____, who died at _____, the _____ day of _____, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

Par. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

Par. 154. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of _____, late of company (—) _____, regiment of _____, who died at _____, the _____ day of _____, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relative of the deceased before three inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

Rel. FINAL STATEMENT

R 108

Ernest H. Stetson
Sixth Reg't of Michigan Cavalry

VOLUNTEERS.

Died Sept. 15 1862

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c. due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier for allowances must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement; otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank should be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

In case any of the officers so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to the representatives for the same, have occasion to leave the regiment or company, they shall, before they be permitted to do so, deposit in the hands of the commanding officer, or of the Adjutant military agent, all the effects of such deceased non-commissioned officer and soldiers, in order that the same may be accounted for, and paid to the respective representatives.

FINAL STATEMENT

OF

Private John P. Greeney

6th Reg't of Light Ar.

VOLUNTEERS.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the items necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear upon the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and by the United States, will not be entered on the statements.

NOTE 6.—Amounts due the Soldier for death, desertion, &c., is reported, as well as on the final statements, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

ARTICLES OF WAR.

INVENTORY OF THE EFFECTS

Art. 93. When any non-commissioned officer or soldier shall die, or be in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. In case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to the representatives for the same, have occasion to leave the regiment or troop, or preferment or otherwise, they shall, before they be permitted to do so, deposit in the hands of the commanding officer, or of the nearest military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

Reg. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 93rd Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, giving the date, place, and cause; to what time he was last paid, and money or other effects in his possession at the time of his decease. The report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—." If a legal representative receives the effects, it will be stated in the report. If the deceased has no effects, the fact will be reported.

Reg. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they be claimed by the legal representatives of the deceased.

Reg. 154. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, copies will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

FINAL STATEMENT

OF

Cor. Edward Stearns
Reg't of *1st Reg't of Mass Light Art*

1st VOLUNTEERS.
1st

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary for a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for drafted volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

Lieut Col J W Blood

Comd'g 6th Mo Vol Inftry
Sic

I hereby
tender my immediate and uncondition-
al resignation as Major of the 6th Mo Vol Inftry
for the following reasons.

1st I was promoted, from a Captain, to
Major of this Regiment, in accordance
with the unanimous voice, of the line
officers, of the Regiment; and in spite, of
the determined opposition of Col Peter. E.
Bland, who in the meantime retired from
the Regiment, but who is now recommissioned
as Col, and knowing the character of
him, I do not wish to remain in the
Regiment and thereby subject myself
to such treatment, as I must expect from
him, as one who after having found him
an incompetent military person opposed
him as commanding officer of this Reg-
iment.

2nd Having no confidence in the ability of Col
Bland to command this Regiment, and
believing it will never under him do
satisfactory service to the country, nor
acquire anything but censure and disgrace,
as it always has done, I am fully convinced
it is a duty I owe myself, to retire from
it. I therefore have tendered this,

resignation and respectfully request
its acceptance by the proper authorities.

Sir I add as amendatory to the
above resignation that I am not indebted to the
Government that I have no public property in my
possession and that I was last paid by Major
Matthews to Jan 30 1862. There is pay due me
from Nov 30 1861 to Apr 30 1862 and from Jan 30 1862

Major James S. Temple of the sixth regiment
Missouri Volunteers, having applied for a certificate
on which to ground reasons for a final and
unconditional resignation, I do hereby certify
that I have carefully examined this officer
and that he has Syphilis (venereal disease) in
severe and active form. He has extensive
swelling and ulceration of the genital organs
and has been thus diseased for several months,
that inattention and camp exposure have rendered
medical attention thus far abortive, and that
in consequence thereof he is, in my opinion entirely
unfit for duty, and that prospect of recovery
is distant and uncertain.

ARTICLES OF WAR.

INVENTORY OF THE EFFECTS

ART. 95. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. In case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or company by preferment or otherwise, they shall, before they be permitted to do so, deposit in the hands of the commanding officer, or of the nearest military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for and paid to their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

Par. 132. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 95th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; such report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—." If a legal representative receives the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

Par. 133. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

Par. 134. In all such cases of sale by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. Chesland states that he
from seen him mentioned
as a "distant" Co. A. C. H.
also he.

(The Museum in Falls confirm
the statement.)

It was with the understanding
that if he did not leave the
position eventually he would
go away.

There want of ability he
was displaced & accepted
the position of 1st Lieut. Co. G
he was much disappointed
and received pay
for July and August as
usual.

He abandoned the Regt
in Sept. 1864 and remained
a month here the claim of ^{discharge} ^{alleging}
on his release that he had
been elected 1st Lieut. of a Company
in 1864. Co. G. 1st Regt. and
acted as a Transferee in that
Regiment in the capacity of

of that unit in relation to
the first meeting.

Gen. Sherman said he would
transfer him. Gen. Sherman
gave his consent in this
manner as a private in
line, then he moved to the
rank of leaving the Regt
without authority.

He told the Regt. that
General does not know
that he was ever transferred.

Chesland denies that
Sherman transferred any
accounts to the Regt.

(There are no records
at H^d Quarters to show
that Sherman was ever
transferred.)

To Major Genl Halleck
Commanding Dept of Missouri

The undersigned John C. Thompson
2^d Lieut in Co "A" 6th Regt. Mo. Volz
respectfully makes the following statement
That during the month of May and
forepart of June last the undersigned
recruited at his own expense some fifty
privates to serve the United States for
three years or during the present war
and was elected by the said recruits as
their Captain
That soon after such organization of his
Company he was induced to unite his
men with a like number recruited by
Capt Geo. W. Schaffer, then by making
up a full company for the purpose
of being mustered into the service of the
Government in connection with the
6th Regt. Mo. Volz Col. P. E. Bland Commanding
That on the 14th of June last the said Company
made up as aforesaid was mustered into
the U. S. Service as Co "A" Capt G. W. Schaffer
and the undersigned was 2^d Lieutenant
as will appear from the muster Roll
a copy of which is herewith filed & marked
Exhibit A. The undersigned also exhibit

the certificate of said Capt Schaffer, Marked
"B" as confirmatory of this statement
That after the undersigned had served in said
Company "C" as an 2^d Lt up to the 23rd day
of June, the said Colonel Bland requested the
undersigned to take a position as an orderly
sergeant in Co "D" for the purpose as was
then clearly expressed and understood
of drilling the recruits in said Company
That the undersigned at the time he --
consented to act as orderly sergeant in
said Company "D" gave no authority or consent
to said Col Bland for his permanent
transfer from Co "C" to Co "D" but on the
contrary it was clearly understood that the
transfer was to be merely temporary
That said Col Bland has not in accordance
with said understanding and promise
reinstated the undersigned in his rightful
position as 2^d Lt of Co "C" or in any other
Company but on the contrary now refuses
so to do. Your Petitioner therefore respectfully
asks that you will make such order in the
premise, as will secure to him his rightful
position as 2^d Lieutenant in Co "C" 6th Regt Mo

Dear Sir

Your
Communication of Dec 23rd is before me and
in reply I can say that the Adjutant General's
Roll of Company (A) of the 1st Mass. Col.
P. B. Blum commanding has been sent
to Genl Halleck for some purpose for
which I know not all I can say is
that you were mustered into the United States
Service by Frank Schofield of the Regular Army
as 1st Lieut of Company (A) under Regt. Com.
measured and I do not think they can
keep you out of the Union Army &
a 6th Mass. Regiment unless you
have done something contrary to Regulations
as for qualification I think you are as
well qualified as as most of them in the
Regt. at the P. M. A. Line no more
Best remain

I hope you will find the Roll of

to the care of J. E. Thompson.

Head Quarters Department of the Mo.
St Louis Mo February 1st 1862

Col Blood stated that J. E. Thompson
was mustered as 2nd Lieut Co. A. 6th Mo Val.

The muster-in rolls confirm the statement. It was with
the understanding that if he did not fill the position, credit-
ably he would give way. Through want of ability he was
displaced and accepted the position of 1st Surgt Co. B.
He was mustered in as first Surgt and received pay for
July & August as such. He abandoned the Regt in September
and remained absent till the close of October, alleging
on his return that he ^{had} been elected Capt of a company
of Ring's Sharpshooters and asked to be transferred to
that Regiment in the capacity of Lieutenant in virtue of
his first muster-in. General Hunter said he would
transfer him. Col. Blood gave his consent to the transfer
as a private he having been reduced to the ranks for leaving
the Regt without authority. He left the Regiment. The Colonel
does not know that he was ever transferred. Col. Blood denies
that Thompson ^{furnished} any recruits to the Regiment. There are no
records at Head Quarters to show that Thompson was ever transferred.

and he is ordered to be I shall look of you an authentic:
 cated copy of his statement - to be sent to me or the
 original.

Sir.

In the matter of J. E. Thompson ~~statement~~ ^{which} and that accompanying it referred by you to me for explanation and which is herewith returned, I have to say that it is without foundation in fact - except that he was mustered as 2nd Lieutenant - as therein stated.

A gentleman by the name of Wheeler recruited all the men which were given to Company A. with Thompson, ^{except those brought by Lindgren} I have taken pains to satisfy myself of this fact. Wheeler recruited some fifty men and prevailed on me to let him come into my organization with them as Company I. he being Captain & Thompson being one of his Lts. But instead of gaining numbers he lost men inasmuch that I told him he would have to give place to some one else. He had displeased the men in some way. He then complained that he had recruited the men at heavy expense but submitted to a new election which resulted in the choice of Thompson for captain. I gave Thompson a reasonable time to recruit the Company up to the standard saying to him that if he failed to do so the men would elect

be disbanded or consolidated with some other company. At the end of the time appointed Company D. was reduced to 28 men though some eighteen recruits had been brought me from the County below by ~~Company~~ Lindsay and added to it in the mean time. Under these circumstances I did not hesitate to consolidate it - and united it to Company A. which was well advanced and to which about that time I had assigned Geo. A. Schaeffer as Captain then upon recommendation having confidence in him as a gentleman - and soldier. I assigned Thompson the position of 2nd Lt. saying to him at the time that I had found him unable to command a company but would try him as a Lieutenant. And at the time he was mustered it was expressly understood by him that he was on probation and he was permitted by me to be mustered upon that understanding.

I instructed Captain Schaeffer to take pains to instruct and improve him so that he might retain his position. After a time the Captain (Schaeffer) notwithstanding his certificate appended to Thompson's statement. Told me he was incorrigible and he could make nothing of him. I then sent for Thompson and explained to him the necessity for his withdrawing from the service or taking some more suitable position. He said he would like to be Regiment Major

I told him he should be if he could pass examination and sent him to Lt. Gantt adjutant - with instructions to Gantt to examine him and if found qualified for the place to prepare an order appointing him. Gantt examined and reported him not qualified.

As he was anxious apparently to remain in the service I assigned him temporarily to Company B. as 1st sergeant. and then to Company I with which Company he was mustered-in as 1st sergeant - as appears by the Muster-in roll of that Company. He was again mustered in that capacity Aug. 31st for pay and received pay in that capacity when the regiment was paid off in Sept last.

I never heard of his being dissatisfied with his position or my course towards him until after he left the regiment - without leave from me before we started on our late march to Springfield with General Hunter. Having been absent some time he returned - alledging that he had been elected captain of a company of sharpshooters belonging to Bridges regiment. and asked to be transferred in the capacity of a Lieutenant. That was the first time he had made such claim to me. I explained his case to General Hunter. He said he would transfer him and I gave Thompson my consent in writing to his transfer as a private of Company I. having ordered him to the ranks for leaving. Upon this I understood but do not know the fact to be, that he was trans.

severed. He left and I heard nothing more of him until the reference to me of his papers by you.

I have no knowledge of his present propensity
But should exceedingly regret—that any necessity should
exist for his return to the regiment. I do not know
whether it is in the power of the Commanding Gen-
eral to discharge summarily of his case or not. his commis-
sion having expired. which I herewith enclose. If the
power exists I trust it will be exercised. If not
and he be ordered back I shall ask of you an authenti-
cated copy of his statement—to be sent to me or the
original.

I have the honor to be
Respectfully Yours Obedt. Servt.

NOTE 1.—This blank will be used for both enlistments and re-enlistments—enlistment of volunteers, etc., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the superintendent (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, etc. The Regiment and Company in which the soldier last served should be given on the back.

MODE OF EXAMINING A RECRUIT.

(From Tripler's Manual.)

"The Room in which this examination is conducted should be well lighted and large enough to admit of the men being walked about freely, that every organ concerned in locomotion may be subjected to inspection. For obvious reasons, none others than they whose presence is absolutely required, should be admitted to the room."

"The person of the Recruit should be washed clean before he is presented to the Surgeon for inspection. It is impossible for the medical officer to ascertain the existence of certain defects that *absolutely disqualify*, when concealed, as they effectually may be, and sometimes are, by incrustations of filth a mouth out."

"We have remarked that certain defects can be ascertained only by questioning the man himself, and that, in order to avoid all *consequent* evasions, the answers to these questions should be recorded on the spot. We shall now suggest a method of effecting this object as well as of making it sure that no important part shall escape inspection through any slip of the memory."

"The Questions should be asked and the man's answers recorded before he is stripped."

"He is then to be divested of all his clothing and the examination proceeded with systematically, in the order of regions as indicated in the Form."

"The Surgeon is to note every peculiarity or deviation from the normal Standard in each particular region. For example: If the man has received at any time a blow upon the head with a resulting *clearex* & slight depression, let it be noted thus: 'Cicatrix and slight depression upon the right parietal protuberance.'"

"Scars upon any part of the person should be noted, and the cause assigned by the man, recorded. It is not uncommon to find marks of free cupping upon the chests of Germans, without there being any indication of disease. These however should be noted."

"If, upon inspection, the man be found to have a *Chancro*, though not sufficient to disqualify, let it be noted under the proper head, and so of Hemorrhoids or any other affection. The vaccine scar, and its position should be noted, and whether vaccination has been practiced at the rendezvous or depot."

"Under the head of 'Remarks,' Constitutional Syphilis, or other Cachexia, will find a place. If an interpreter is required during the inspection, that fact should be recorded. Men sometimes speak English very well when first examined, who, from after considerations, are entirely ignorant of the language when re-examined, and sometimes succeed in obtaining a discharge in this way."

"By this means an accurate description of the whole person is obtained, sufficient to settle questions of identity, should such be subsequently raised; and if there be any defects about which a difference of opinion may exist, the fact that such defects were not overlooked by the first inspecting Surgeon, will be apparent."

"It will frequently happen that an 'absolute disqualification' will be discovered before completing the examination. Such a defect may be detected at any stage of the inspection. In such cases it will of course be unnecessary to proceed any further."

"The above Form, when filled up, should be sent with the Recruit to the Depot where he is to be finally inspected, and thence transmitted to the Regiment to which he may be assigned."

"Defects discovered at the Depot upon reinspection should be endorsed upon the Form, and signed by the Surgeon; in case of Rejection, the document thus completed should be transmitted with the proceedings of the Board of Inspection to the Adjutant General of the Army."
